The abstract of the disclosure is objected to because it has not been presented in the proper domestic form. Correction is required. See MPEP § 608.01(b).

Claims 1-13, 20, 21, 25, 54, 55 and 57-59 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 is indefinite in that it is not clear if it is directed to a compound or a mixture of compounds. Further, the preamble of claims 1 and 54 reads on more than one substituent of the N-group of azalide at the same time. Also, claim 54 reads on reacting all the derivatives at the same time. Substituting the term "or" for the term "and" between the last two species will overcome said rejection. There is no antecedent basis for the term "Substance" (claims 2-13, 20, 21, 25, 55 and 57) in claim 1.

The method of treating claims 37-59 are incomplete in that the host in need of such treatment has not been set forth.
